Disability Flag

Generated on November 16, 2026 from the then current website content.

Disability Flag Usage Rules & Guidelines

- Carts are not allowed closer than **10 feet** from the edges of greens.
- Carts are not allowed closer than **10 feet** from the edges of tee boxes.
- Carts should enter and exit areas around greens from the cart path.
- **Do not drive up to the green from the fairway.**
- When entering a green complex, enter from the cart path and park at the back of the green whenever possible.
- If parking behind the green is not possible, park on either side where the ground is high and dry.
- **Do not park at the front of greens.**
- If parking on the opposite side of the green from the cart path, drive around the back of the green.
- **Do not drive around the front of greens.**
- When leaving a green complex, drive directly away from the green for at least 10 feet before returning to the cart path.
- **Do not drive in a 10-foot ring around the edge of any green.**
- When parking near tee boxes, avoid areas where grass is already stressed by heavy foot traffic.
- When parking near tee boxes, avoid wet or soft ground.
- Use cart paths whenever possible between shots, including the **90-degree rule** where applicable.
- Always display the disability flag prominently on the golf cart.

Violations

A first observed violation of these rules and guidelines will result in a **written warning**.

A second observed violation will result in a **7-day suspension** of disability flag privileges.

A third observed violation will result in a **30-day suspension** of disability flag privileges.

A fourth observed violation will result in a **permanent suspension** of disability flag privileges.
